INFRATEKK TOOLS & MATERIALS PVT. LTD.

(Formerly known as Newage Infratrades Private Limited)

www.infratrades.com

ABOUT OUR BUSINESS

INFRATEKK TOOLS AND MATERIALS PVT. LTD. is a start up with an objective to improve the construction materials market place by bringing in the following services under one roof on a Pan India basis:

- **Trade expertise**
- **Competitive pricing by providing sourcing options for Tools & Materials**
- **Manufacturers Base across the country for procurement of tools & materials what soever used in the industry**
- **Logistics Support**
- **Credit Financing**

We work with Construction and Infra Companies with any one or all of the above-mentioned services. We work hand in hand with such companies for sourcing their requirements to timely delivery of right tools & materials required for the successful execution of their projects.

Vision

To create cloud based real time inventory of construction tools & materials as sellers and re-sellers with an amazon like experience and digitalise the business processes involved in its trade.

Mission

To eventually become a procurement arm / extension of any infra or construction firm in order to generate substantial volumes to optimise the Pricing, Logistics and Quality of Tools & Materials required at any project location.

Goal

To ensure timely On-site delivery of building materials at the best price with complete visibility of Supply Chain.

Team

We are a team of experts from the industry with detailed knowledge and specifications set by the government departments / agencies for tools and materials used in the construction industry.
